BENEDICTION DENNIS

### *The True Value of a Soul*

Few statements are more sublimely moving than Ellen G. White's on the value of a human soul. From her writings in general, we understand that she used "soul" to mean a person, a human being (for biblical view see Genesis 2.7).

So the progression below from the writings of White, a cofounder of the Seventh-day Adventist Church, profoundly details your worth, the worth of each individual who has ever lived. This is a glimpse into the depthless love of our incomparable Savior. "One soul saved, to live throughout the ages of eternity, to praise God and the Lamb, is of more value than millions in money."

"One soul is worth more than all the gold and silver that could be heaped up on this earth."

"One soul for whom Christ has died is worth more than the whole world."

"One soul saved in the kingdom of God is worth more than ten thousand worlds like this."

**"One soul is of infinite value."**
